AI & Data Science Student | Python Developer | UI/UX Designer

Computer Science undergraduate at COMSATS University Islamabad with strong interest in Artificial Intelligence, Machine Learning, and Data Analytics. Skilled in Python, SQL, and Power BI with experience in GUI development, database systems, and UI/UX design. Passionate about building real-world, data-driven solutions and continuously improving technical expertise.

EDUCATION

BS Computer Science

COMSATS University Islamabad • Islamabad • 01/2023 – 01/2027

PROJECTS

Library Management System (Python + SQLite)

- Built a system for managing books, users, borrowing and returns using Python and SQLite.
- Implemented CRUD operations for efficient database handling.

Student Record System (Python GUI)

- Developed a GUI-based application for managing student academic records.
- Enabled search, update, delete, and record management features.

Inventory Dashboard (Power BI)

- Created interactive dashboards to analyze sales and inventory trends.
- Improved data visualization for decision making.

LexHub – UI/UX Design (Figma)

- Designed a 50-screen legal application prototype in Figma.
- Focused on user experience, flow, and modern interface design.

SKILLS

Programming: Java, Python, SQL

AI/Data: Data Analysis, Deep Learning (Intro), Machine Learning (Basic)

Tools: Git & GitHub, MATLAB, MongoDB, Power BI, SQLite

Design: Figma, UI/UX Design
